Verse

2

S  
A

*unis.*

1. Man - y peo - ple doubt                      Gla - ciers are in tears  
2. At some point we must                      For this kind of stuff

T  
B

*unis.*

1. that cli - mate change is here                      we've caused what's hap - p'ning there;  
2. turn our \_\_ backs on coal                      keeps mess - ing up \_\_ our world;

4

S  
A

Coast - al lands at risk                      Can't stop this one if we try.  
So - lar pow'r and wind                      That's where the ac - tion must be.

T  
B

sea lev - el get - ting high Can't stop this one if we try.  
give us clean en - er - gy That's where the ac - tion must be.

6

S  
 more car-bon on\_\_ the rise just can't es-cape\_ our eyes;  
 with dig-ni-ty\_\_ and care re - mem-ber we\_\_ live here;

A  
 Earth is heat-ing up Some of its ef- fects  
 Let us treat the earth This is our home,

T  
 more car-bon on\_\_ the rise just can't es-cape\_ our eyes;  
 with dig-ni-ty\_\_ and care re - mem-ber we\_\_ live here;

B  
 more car-bon on\_\_ the rise just can't es-cape\_ our eyes;  
 with dig-ni-ty\_\_ and care re - mem-ber we\_\_ live here;

8

S  
 that na - tions put\_ in place To change the mess out in space.  
 we treat this prop - er - ty He made for you\_\_ and me.

A  
 Let's sup-port the steps To change the mess out in space.  
 God is watch-ing how He made for you\_\_ and me.

T  
 that na - tions put\_ in place To change the mess out in space.  
 we treat this prop - er - ty He made for you\_\_ and me.

B  
 that na - tions put\_ in place To change the mess out in space.  
 we treat this prop - er - ty He made for you\_\_ and me.

10 Chorus

S Oo, \_\_\_\_\_ Oo, \_\_\_\_\_ beat - ing,

A Oo, \_\_\_\_\_ Oo, \_\_\_\_\_ beat - ing,

T Moun - tains - tops \_ are now show - ing They are tak - ing a beat - ing;

B Moun - tains - tops \_ are now show - ing They are tak - ing a beat - ing;

12

S Oo \_\_\_\_\_

A See how fast \_ snow has melt - ed Cli - mate change is now here. \_\_\_\_\_

T See how fast \_ snow has melt - ed Cli - mate change is now here.

B See how fast \_ snow has melt - ed Cli - mate change is now here.

14 *unis.*

S A

Oo, \_\_\_\_\_ Oo, \_\_\_\_\_

T B

We must slow\_down the ac - tion Brought by fos - sil e-mis - sions;

16

S A

1.

Stop this sense - less de-struct - tion Cli - mate change\_ is now here.

T B

Stop this sense - less de-struct - tion Cli - mate change\_ is now here.

18

S A

2.

Cli - mate change\_ is now here, Cli - mate change\_ is now here.

T B

Cli - mate change\_ is now here, Cli - mate change\_ is now here.
